

Webcast #2: Being agile in a dynamic legal landscape

Q&A Session – Cristiana Fernbach

1. On what specific way the ensurance of Business Continuity Plans be operational during and after this Pandemia Crisis of CoVid - 19?

In order to ensure the operability of Business Continuity Plans designed during the Covid-19 Crisis in the post-crisis period, these plans shall be continuously adapted to the fast pace developing economic situation in the country and in the region and foresee a reshape of the business in order to better response to the economic challenges the organizations will face in the coming months. The Business Continuity Plans shall work with different scenarios that might become reality depending on governmental decisions and on the general development of the economy landscape as well as foresee a plan for financial recovery. Potential disruptions for the business shall be identified and minimized by means of implementing appropriate measures.

2. Is it possible to register documents (δικογράφων) to courts electronically in Romania as in Greece? If not have there been any discussions during this period?

Yes, documents may be registered to courts either electronically or by post/courier during this period, irrespectively of the type of court document.
